Part #: **LED8RB_JK**

- **ON/OFF/Flash Button**
- **Rugged, Waterproof, Sealed Electronics**
- **Connect to Battery with Anderson Tap**
- **Connect to Cycle Analyst with DC extension cable**
- **5.5 x 2.1mm DC Plug**
- **Cable Tie Attachment**
- **Made in Canada**
- **3 Year Warranty**

Specifications

Actual Weight (kg)	0.0690
Light Source	8x 5mm, Exceed RL50-U0513
Lumens Output	14
Minimum Input Voltage (V)	12
Max Input Voltage (V)	100
Peak Input Power (Watts)	0.675
Connector / Jack	5.5 x 2.1 mm DC Plug

8 LED Rear Electrolight with DC Jack

Ultra durable red 8 LED rear light for electric bikes.

Wide voltage range: 24V-72V battery.
